Contents

Radical Scavenging Capacity of Hop-derived Products

L. van Hoyweghen, M. Biendl and A. Heyerick1

Brewer's Yeast Modification: Effects Both on Diacetyl Production and Alcohol Formation*

L. Strack and U. Stahl.....6

Upstream Beer Stabilisation during Wort Boiling by Addition of Gallotannins and/or PVPP

H. Withouck, A. Boeykens, B. Jaskula, K. Goiris, G. De Rouck, C. Hugelier and G. Aerts14

Towards an Understanding of Hop Tolerance in Beer Spoiling *Lactobacillus brevis*

R. F. Vogel, P. Preissler and J. Behr.....23

Sufficient Formation and Removal of Dimethyl Sulfide (DMS) without Classic Wort Boiling

G. De Rouck, A. G. Flores-González, J. De Clippeleer, J. De Cock, L. De Cooman and G. Aerts.....31

Characterisation of the Flavour and the Chemical Composition of Lager Beer after Ageing in Varying Conditions

D. Saison, N. Vanbeneden, D. P. De Schutter, L. Daenen, T. Mertens, F. Delvaux, and F. R. Delvaux41

CO₂-Hydrophobin Structures Acting as Nanobombs in Beer

S. M. Deckers, K. Gebruers, G. Baggerman, Y. Lorgouilloux, J. A. Delcour, C. Michiels, G. Derdelinckx, J. Martens and H. Neven.....54

Particle Analysis – A Combined Method to Analyze the Colloidal Characteristics of Particles

J. Titze, M. Christian, V. Ilberg and F. Jacob.....62

Combined Particle Analysis as a New Tool to Predict Gushing Shown with Alcohol-Free Beverage Products

M. Christian, J. Titze, V. Ilberg and F. Jacob.....72

A New Stepless Control Concept for Multi-Lane Bottle Conveyors

A. Sorgatz, F. Gabler and T. Voigt.....80

New International Calibration Standard (ICE-3) for HPLC Analysis of α - and β -acids

M. Biendl.....92

Influence of Ethyl Acetate, Isoamyl Acetate and Linalool on off-flavour Perception in Beer

S. Hanke, V. Ditz, M. Herrmann, W. Back, T. Becker and M. Krottenthaler.....94

Novel Approaches to the Measurement of flavour-related Properties: A Brief Overview and Future Prospects

P. Hughes100

Isohumulones – a Review

S. Kappler, Ch. Schönberger, M. Krottenthaler and T. Becker.....105

New Methods to Determine the Come-Off Time of Paper Labels

G. Wenk, I. Weber and R. Pahl.....112

Bisphenol A – A Problem for Consumers of Canned Beer?

L.-A. Garbe, K. Neumann and N. Rettberg.....122

A New Approach to Sensory Evaluation

H. Scheuren, J. Menze and K. Sommer.....128

Application of Thermostable Xylanases at Mashing and During Germination

S. Malfliet, L. De Cooman and G. Aerts133
