## Contents

### Investigation of Filtration-inhibitory Substances in German Wheat Beer

*M. Kupetz, A. Zeh, S. Fischer and T. Becker* ..... 1

### Genetic and Phenotypic Characterization of Different Top-fermenting *Saccharomyces cerevisiae* Ale Yeast Isolates

*T. Meier-Dörnberg, M. Michel, R. S. Wagner, F. Jacob and M. Hutzler*. 9

### Mash Separation in the Lauter Tun - a Particle Size Dependent Separation Process

*J. Engstle, H. Briesen and P. Först*..... 26

### Impact of Accelerated Shelf-life Tests on Physical Stability of Beverages Based on Weighted Orange Oil Emulsions

*S. Rossmann, V. Wolff, U. Müller and J. Schneider* ..... 31

### Bavarian Wheat Beer, an Example of a Special Microbe Habitat – Cultivation, Detection, Biofilm Formation, Characterization of Selected Lactic Acid Bacteria Hygiene Indicators and Spoilers

*R. Riedl, P. Goderbauer, A. Brandl, F. Jacob and M. Hutzler* ..... 39

### Modelling of $\text{ClO}_2$ -decomposition in Hot Water Systems

*M. Zotz and K. Glas*..... 51

### Beer Spoilage Ability of Lactic Acid Bacteria is a Plasmid-Encoded Trait

*A. J. Geissler, J. Behr, J. Schmid, A. Zehe and R. F. Vogel*..... 57

### Oxidation of Brewers Spent Grain for the Release of Fermentable Sugars by Direct Pretreatment in an Electrolysis Reactor

*T. Broeker, M. Hoffarth, L. Oppermann, V. Wolff, P. Neubauer and J. Schneider*..... 74

### New International Calibration Standard (ICS-R3) for HPLC Analysis of Rho-iso- $\alpha$ -acids

*M. Biendl and B. Foster*..... 85

### State of the Art Survey of the Energy and Media Demand of German Beverage-bottling Plants

*I. A. Osterroth, A. Holm, and T. Voigt*..... 86

### A Novel Low-temperature Mashing Schedule for Brewing with Unmalted Sorghum: Optimisation

*C. P. Holmes, J. Casey and D. J. Cook*..... 100

### Precoating Filtration with Compressible Filtering Aids featuring Viscose Fibres

*J. Zacharias, R. Schneid, and R. Scholz*..... 110

### Chance for Dry-hopped Non-alcoholic Beverages? Part 2: Health Properties and Target Consumers

*M. H. Hagemann, V. Schmidt-Cotta, E. Marchioni and S. Braun*..... 118

### Influence of the Date of Harvest on the Sulphur Compounds of the “Special Flavour Hop” Varieties Cascade, Mandarina Bavaria, Hallertau Blanc, Huell Melon and Polaris

*K. Kammhuber, M. Hundhammer, and S. Weihrauch* ..... 124

### Yeast Strains and Hop Varieties Synergy on Beer Volatile Compounds

*D. Steyer, P. Tristram, C. Clayeux, F. Heitz and B. Laugel*..... 131

### Enhanced Cultivation of Beer Spoilage Bacteria in Propagation Yeast by Enforced Yeast Suppression

*J. Schneiderbanger, H. Schneiderbanger, F. Jacob and M. Hutzler* .. 142

### Characterization of the Unfertilized and Fertilized Hop Varieties Progress and Hallertauer Tradition – Analysis of Free and Glycosidic-Bound Flavor Compounds and $\beta$ -Glucosidase Activity

*K. Haslbeck, S. Jerebic, and M. Zarnkow*..... 148

### On the Fate of $\beta$ -Myrcene during Fermentation – The Role of Stripping and Uptake of Hop Oil Components by Brewer’s Yeast in Dry-Hopped Wort and Beer

*K. Haslbeck, S. Bub, C. Schönberger, M. Zarnkow, F. Jacob and M. Coelhan*..... 159

### A Powerful Analytical Indicator to Drive Varietal Thiols Release in Beers: The “Thiol Potency”

*A. Roland, S. Delpech and L. Dagan*..... 170

### New International Calibration Standard (ICS-I4) for HPLC Analysis of Iso- $\alpha$ -acids

*M. Biendl and B. Foster*..... 176

### Systematic Analysis of Behaviour of Hop-Derived Monoterpene Alcohols During Fermentation and New Classification of Geraniol-Rich Flavour Hops

K. Takoi, Y. Itoga, K. Koie, J. Takayanagi, T. Kaneko, T. Watanabe, I. Matsumoto and M. Nomura..... 177

### Dry-Hopping: the Effects of Temperature and Hop Variety on the Bittering Profiles and Properties of Resultant Beers

O. Oladokun, S. James, T. Cowley, K. Smart, J. Hort and D. Cook..187

### LC-MS/MS Analysis of Hop Flavonoids in Dry-Hopped Beers

C. Schmidt and M. Biendl..... 197

### What are Auxiliary Bitter Compounds in Hops and how do they Affect the Quality of Bitterness in Beer?

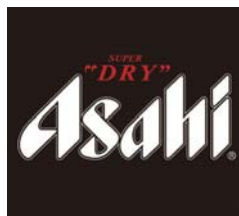

A. Forster, A. Gahr and F. Schüll..... 203

Executive Publisher: Michael Schmitt

**Volume 70**

Printing: Kössinger AG – [www.koessinger.de](http://www.koessinger.de)

The publication including all contributions and illustrations is copyright protected.

This publication is a compilation of the articles published in the BrewingScience (former: BrewingScience – Monatsschrift für Brauwissenschaft) bimonthly online journal in 2017.

The articles are also available for subscribers at <http://www.brewingscience.de> (ISSN 1613-2041).

Annual subscription price (1.1.2018)  
incl. Yearbook EUR 169,00 (incl. VAT)  
Yearbook EUR 99,00 (incl. VAT)

Please note: Some images displayed on our website in colour loose some of their explanatory power due to black-and-white print. For a detailed depiction of afore-said images please go to [www.brewingscience.de](http://www.brewingscience.de)
